QUEEN ELIZABETH II HAS DIED

She died in her summer castle at 96 on Thursday afternoon....

E D I T O R I A L

Welcome to the FURY OF THE SUBTERRAINS no. IV

The queen is DEAD, EXPIRED, LIFE EVICTED.... May she rest in piss, on the opposite side of the grass, along with the rest of all who have reigned over people and lands.

But we're not here for that. Our only real goal here is to provide the lyric sheet to NOSFERATU's newest and final release on cassette tape: "SOCIETY'S BASTARD"

WHY CASSETTE AND NOT VINYL?

Tapes are easier to make, they're affordable, independent, and more accessible.

Records are for collectors and DJ's.
Tapes are for punk!

REELING ON THE TUBE...

Watch a badass US-born Mexican get revenge on the Sheriff and his crew of redneck killers, in this violent-action film.

ASESINOS ! ASESINOS ! ASESINOS !

Plus theres an appearance by Carlos Y Jose playing "Corrido de Armando Martinez" in a small bar. What more could you need?

"Forgive me Sheriff, for in Mexico we don't have the luxury to put you in an electric chair, like you did to Juan" - Then the sheriff gets electrocuted on a power line.
